

CLASSIFICATION OF SAINT-ÉMILION

In 1955, the wines of Saint-Émilion in the wine-growing region of Bordeaux were classified. Unlike the Bordeaux Wine Official Classification of 1855 covering wines from the Medoc and Graves regions, the Saint-Émilion list is updated every 10 years or so. Following the initial classification, the list was updated in 1069, 1986, 1996, 2006, and 2012. However the 2006 classification was declared invalid following a series of legal actions, and the 1006 version of the classification has been reinstated for the vintages from 2006 to 2009.

The region's Syndicat Viticole started planning for a classification of St.-Émilion wine in 1930, but it was not until October 7, 1954 that the principles behind the classification became official when the INAO agreed to take responsibility for handling the classification. The first list of classified St.-Émilion estates was published on June 16, 1955, and was amended on August 7 and October 18, 1958. The original list contained 12 Premier grands crus classés and 63 Grands crus classés.
